

## TIPS FOR PARENTS

### Introduction

**Welcome to Tips for parents. This section of the site will give you some homework hints to help you out.**

---

There's no such thing as an expert where homework's concerned. It's not about how good you are at helping with homework, it's how you handle it.

A lot of people get stressed out by homework – and if you get stressed, so will your child.

Nobody's perfect! If you can't follow all the advice you're given, start by changing one thing.

Why not take our Parents and Homework quiz and see how you score!
